

If more or less of the above symptoms are present, it is vain to deny the presence of the disease. Dr. J. C. Favorite prescribes, one of the leading ingredients of which is Unicorn root, or Helonias, and the medical properties of which are most faithfully represented in the following Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, says: "It says 'It is a most important remedy in disorders of the womb. In all catarrhal conditions and general enfeeblement of the uterus.'"

Dr. J. C. Golden, M. D., late of Cincinnati, says of Golden Seal root: "In relation to its general effects on the system, it is one of the few remedies which have such general unanimity of opinion. It is universally regarded as the tonic useful in all cases."

Prof. R. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal: "Valuable in uterine and congestive dysmenorrhea (painful menstruation)."

Dr. Pierce's Favorite Prescription faith fully represents all the above named ingredients and cures the diseases for which they are recommended.

THURSDAY APRIL 4, 1907

GAMBLING is in progress again at French Lick and West Baden and the officers there have been given positive information that such is the case. The enforcement of the law is up to them.

AS between President Roosevelt and Harriman, the railroad manipulator, the people will not be slow in taking side with the President. Ever since President Roosevelt said that the railroads must give the people a "square deal" Harriman has been against him.

If the man who took a slap at the use of bloodhounds, in an editorial in a Washington paper a few days ago, had been one of the fellows who have served a sentence in the penitentiary as a result of the work of the Carter bloodhounds of Seymour, he would have a little different idea about the accuracy of bloodhounds and their value in tracing criminals.

Go and take your friends to see the "County Chairman tonight.

CHICAGO, ILL., April 4, 1907.—Threatening with showers tonight and possibly extreme south portion Friday. Much colder.

EARLY RISERS The famous little pills.

Interurban Notes.

Albert Hulse, of Redding township, was in town Wednesday and said that the Indianapolis, Columbus and Southern Traction Company has a large force of men laying the track and that they have reached a point about half way between the Redding-ton pike and the Walnut Grove school house. So they are only about three and one half miles from Seymour and are coming this way. This seems to be fine weather for working and both companies are anxious to have their lines running into this city at the earliest possible date. Much of their money has already been invested and they are anxious to see it bringing in returns. Teams have now gone up to \$4.00 per day and they can't get them any too fast at that price. This is a good chance for a man that has a half dozen teams to make some money out of them. No use for men or teams to be idle about Seymour. If they want work they can find it. If any one comes to your back door now and asks for a hand out and puts up a hard luck story tell him that there are more good jobs waiting in Seymour than there are industrious men to fill them. If the needy man has the ability and the inclination to work he is just the man that is wanted every day. If you haven't a job you can find one easily.

Lecture to Ladies.

Mrs. L. B. Cleveland, of California, will address the ladies of Seymour at the Public Library assembly room tomorrow afternoon at 3 o'clock on the subject, "Mental, Moral and Physical Culture." Mrs. Cleveland is not a stranger in Seymour, as she lectured here 2 years ago at which time she was accorded a most flattering reception which will no doubt be repeated. She is a most pleasing speaker of much magnetism, a large acquaintance with the human race, and bears a message of the greatest importance to womankind. Under the auspices of the Viavi Co. The lecture is free.

County Chairman Tonight.

There has been a good advance sale of tickets again for the production of "The County Chairman" tonight. There were quite a number of good seats left yet on the lower floor at one o'clock this afternoon but many have been reserved since that time and many more will be between now and time for the opening of the doors this evening about 7:30. If you have not your reserved seat ticket secure it at once if you want to get a good location. It is thought that the management will be able to accommodate everybody with good seats. If you should be compelled to come late and have not already had your seats reserved you need not hesitate to take a seat in the gallery. It gives you a good view of the stage and we are given assurance that good order will be maintained. The gallery was well filled at the former production of the play with a respectable and orderly class of people. The members of the cast are all in good shape and are sure to make a big hit again this evening. The requests continue to come for the production of the play at Brownstown but it is not likely that the company will give the play any more after tonight. Some of the leading characters will leave shortly to do college work during their summer vacation. The curtain will rise tonight at 8:20 and you are asked to be in your seat by that time if possible.

Don't fail to attend the last performance of the "County Chairman" tonight.

Struck on Rink.

F. J. Smith, master mechanic at the B. & O. S-W. shops at Washington, Ind., has not forgotten our skating rinks and was back here again last evening. He enjoys the sport immensely and has been trying to get his family to come along and take a skate with him.

Nickel Plate Closed.

The Nickel Plate saloon on Indianapolis avenue, which has been owned and operated by Thomas Tucker for the past year or two, has closed and the furniture, stock and fixtures have been removed. Just what Mr. Tucker expects to do now we have not learned but we presume he will remain in this city.

Change At Bank.

J. S. Mills has voluntarily resigned as book-keeper at First National Bank and Thos. Casey has been chosen as his successor. Mr. Mills will remain and assist his successor until he becomes familiar with the work. Mr. Mills found the work too confining and injurious to his health.

Public Sale.

I will sell 10 milch cows, milk wagon and other dairy equipment at my residence on South Walnut St., Saturday, April 6, at 1 p. m. a5d

Through an exchange ad. you may trade a not-needed piece of jewelry for a much-needed piece of furniture.

Improvements.

John Grelle, proprietor of the Grelle meat market, has had the residence just north of the Seulk grocery store on S. Chestnut street, torn away and will have the lot cleaned up ready to construct a new building there some time in the future.

Eugene Ireland has sold the old building adjoining his Brown street grocery store, which was formerly used for a grocery and later as a residence, to Mrs. Mary A. Lloyd and William Massman is moving the same to Mrs. Lloyd's lot of Jeffersonville avenue, opposite the Pennsylvania freight office. This is the third time that Mr. Massman has moved this same building. Mr. Ireland wanted the building removed in order to let the sun strike the west wall of his store, also to give a better appearance to surroundings. He has some new fixtures ordered for his store and when everything is arranged he will have a very neat store. The ware room adjoining the brick building which Mr. Ireland recently vacated on the South side of Brown street will be torn away and the store building repaired and improved. The indications are that Mr. Ireland has been doing a good business and he wants to do something to help the appearance of his part of the city and to keep himself and his locality abreast with the times.

Don't miss the "County Chairman" at the opera house tonight.

Entertained.

Miss Dora Milburn entertained a number of ladies last evening at a six o'clock turkey dinner at her home on South Walnut street in honor of her guest Miss Pansy Culbertson, of Sumner, Ill. An excellent three course dinner was served. The dining room was tastefully decorated in green and pink with pink carnations. At eight o'clock the young ladies went to the rink where they enjoyed skating for a few hours.

Rink Attraction.

There will be a "Hay Seed" carnival given at Nicholson's rink Friday night. Prizes given to the most comically dressed lady and gent. a5d

The funeral of John W. Heller, whose death was reported yesterday, will be held Friday afternoon at 2 p. m. at Brownstown.

Gentle and Effective

A well-known Manitoba editor writes: "As an inside worker I find Chamberlain's Stomach and Liver Tablets invaluable for the touches of biliousness natural to sedentary life, their action being gentle and effective clearing the digestive tract and the head." Price, 25 cents. Samples free. C. W. Milhous.

Incorporation.

The Seymour Chair Company has filed articles of incorporation with the secretary of State. Capital stock \$15,000. This is one of Seymour's valuable industries and its business is growing every day. It is well managed and turns out an excellent line of goods for which there is a ready market.

Dr. Caldwell, of Brownstown, has concluded to locate at Vincennes where he will be associated with Dr. Knapp, who makes regular trips to this county. Dr. Hobbs, of Louisville, will succeed Dr. Caldwell at Brownstown.

Judge Rigby Here.

Mr. and Mrs. Earl Cox arrived home on No. 11 this afternoon from their wedding trip. There was some little anxiety lest they might be delayed somewhere and arrive here too late for Mr. Cox to take part in "The County Chairman" tonight. The other members of the cast felt relieved when they learned this afternoon that he had arrived in the city.

Improvements.

A. Petterman is building a new kitchen to his residence on W. Bruce street.

GAS GOSSIP

Secretary of State Taking Notice of our Light Situation.

Prosecutor Oren O. Swails has received a letter from Fred Sims, secretary of state, saying he is reliably informed that the Western Gas and Investment Company, a North Dakota corporation, is doing business in Seymour and that said corporation has not complied with foreign corporation act of 1901. He suggests that the prosecutor make an investigation and if he finds that the Western Gas and Investment Company has been doing business here without authority that prosecution be instituted. A penalty of \$1000 is provided for the violation of this statute.

In this case it is a question whether or not the Western Gas and Investment Company has been doing business in Seymour. The people here generally did not know there was such a corporation until the suit against the Gas and Electric Light Company was filed at Brownstown. It seems to be a sort of holding company with officers in Chicago. Prosecutor Swails will look into the matter at once to ascertain the facts and proceed accordingly.

If you want to laugh see the "County Chairman" tonight.

Cured of Rheumatism

Mr. Wm. Henry of Chattanooga, Tenn., had rheumatism in his left arm. "The strength seemed to have gone out of the muscles so that it was useless for work," he says. "I applied Chamberlain's Pain Balm and wrapped the arm in flannel at night, and to my relief I found that the pain gradually left me and the strength returned. In three weeks the rheumatism had disappeared and has not since returned." If troubled with rheumatism try a few applications of Pain Balm. You are certain to be pleased with the relief which it affords. For sale by C. W. Milhous.

Schubert Quartet.

The Schubert Quartet, assisted by home talent, gave another interesting musical program Wednesday evening at the German Lutheran school building and that the audience appreciated their efforts was evidenced by the frequent encores. Their comic songs seemed to take best and in these cases they were frequently brought back the second time and sometimes the third or fourth time. These young men have been compelled to do much singing during the past few days and as a result one of the tenor singers was suffering from a slightly overworked voice, otherwise the boys were all in good condition. As advertised their numbers were all different from those of Monday evening as were almost everyone of their encores. Only a very few of the most catchy ones were repeated.

Mr. Schmuckal, the violinist, was a great favorite and responded to frequent encores. Everyone in the audience was pleased with his work which was certainly of a very high order.

Paul Brunow played a piano solo, "Mazurka in F," in a very creditable manner. Misses Luella Brandt and Martha Schmidt played a piano duet very beautifully. The concert was well attended.

More fun than a circus at the "County Chairman" tonight.

Whooping Cough

I have used Chamberlain's Cough Remedy in my family in cases of whooping cough, and want to tell you that it is the best medicine I have ever used.—W. F. GASTON, Poseo, Ga. This remedy is safe and sure. For sale by C. W. Milhous.

Moves Barber Shop.

Simon Shinn, who is now the sole owner and proprietor of the barber shop formerly owned by Otto Bauermeister on S. Chestnut street, moved the same Tuesday morning from the Henry Brethauer building to the Loertz bakery on the opposite side of the street. Frank Harris, of Columbus, formerly of this city, moved his family here a week ago last Saturday and has taken a chair in Mr. Shinn's shop. Mr. Harris was formerly in the barber business in Mack Burch's old stand at the corner of Second and Ewing streets, where Henry Lange's saloon is located. He left this city nineteen years ago. He has been in the barber business for thirty-five years and for the past twelve years has been in Columbus.

Elks Initiated.

The Elks Lodge of this city installed their officers Wednesday evening for the ensuing term and also initiated four new candidates. At the close of the work of the evening a banquet was served. Among the members from Brownstown who attended were County Surveyor James A. Wayman, Jr., Auditor H. W. Wacker, Deputy Sheriff Van Robertson, Hugh Burrell, Jerry McOsker, Harry Wallace, Major Long and Joe Robertson. Several of these people drove up and returned home last night after the adjournment of the lodge.

A Woman Tells How to Relieve Rheumatic Pains

I have been a very great sufferer from the dreadful disease, rheumatism for a number of years. I have tried many medicines but never got much relief from any of them until two years ago, when I bought a bottle of Chamberlain's Pain Balm. I found relief before I had used all of one bottle, but kept on applying it and soon felt like a different woman. Through my advice many of my friends have tried it and can tell you how wonderfully it has worked. Mrs. SARAH A. COLE, 140 S. New St., Dover, Del. Chamberlain's Pain Balm is a liniment. The relief from pain which it affords is alone worth many times its cost. It make rest and sleep possible. For sale by C. W. Milhous.

Nice Lot of Furs.

John P. Burger, an old citizen of Crothersville, was in this city Wednesday with a lot of furs of wild animals which he had recently brought here from Old Mexico. Mr. Burger has been a resident of Crothersville for about forty-eight years, and for the past four winters has been going to Texas to spend a few months with his daughter who resides there. In February he took a trip over into Mexico where he attended a Spanish bull fight and purchased a nice lot of furs to bring back home with him. He had deer, wolf, catamount and other skins for which he found a ready market about the streets in the business part of the city during the day. The same were sold at very reasonable prices.

Give Them Practice.

A few days ago it was suggested that a good place for the next false alarm for the practice and exercise of the fire department would be to the big heap of brush on Third street near the Presbyterian church. A good suggestion, but a bon-fire was made of that yesterday and that unsightly pile of brush and rubbish was consumed. But there are others of a similar character within the city limits that could be utilized for practice purposes.

BUREKA

Yes I Have Found it at Last

Found what? Why that Chamberlain's Salve cures eczema and all manner of itching of the skin. I have been afflicted for many years with skin disease. I had to get up three or four times every night and wash with cold water to allay the terrible itching, but since using this salve in December, 1905, the itching has stopped and has not troubled me.—ELDER JOHN T. OXLEY, Rottville, Pa. For sale by C. W. Milhous.

Dr. F. W. DraGoo made his regular weekly trip to Scottsburg today.

Great Play.

It is not surprising that Grace Merritt should now be announced as "Princess Mary Tudor," the winsome heroine of Charles Major's beautiful novel "When Knighthood Was in Flower." Her triumphant career is absolute proof that any woman known to the drama is within the scope of her wonderful dramatic ability and finely studied art. In the charm of her own personality, her beauty, and in the glory of her great blue eyes one might also imagine Charles Major's wilful and loveable heroine to have stepped from the pages of romance on to the actuality of the stage. See her and her splendid company at the opera house next Monday night.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Halls Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Halls Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

THAW IS HOPEFUL

Prisoner Expresses Confidence That He Will Be Declared Sane.

New York, April 4.—Another critical stage in the case of Harry K. Thaw is due today, when the slayer of Stanford White will either be officially proclaimed insane and ordered sent to a state asylum or his trial will be resumed before Justice Fitzgerald upon the finding of the lunacy commission that the defendant is at this time capable of rightly understanding his own position, of appreciating the nature of the charges against him and of rationally advising with his counsel. The commission has completed its work and will make its report to Justice Fitzgerald today.

Thaw underwent a private mental and physical examination for more than two hours. In this last crucial test he was entirely alone before the commission, even the district attorney and the members of his own counsel being barred. When the three members of the commission had completed their final examination they shook hands with Thaw in a most cordial manner. The defendant when he returned to the Tombs declared he was more confident than ever that he will be declared sane by the commissioner's report.

The Mystery Still Remains.

Evansville, Ind., April 4.—The condition of Miss Josie Gray, bookkeeper in the R. and G. furniture store, who was beaten and thrown into the vault while working in the office late Saturday night, two weeks ago, is now such as to entertain hopes of recovery. She is conscious at times. No attempt has been made as yet to question her as to the identity of her assailant, nor will there be till she is well advanced toward convalescence.

Foreman Killed by Falling Beam.

Dillsboro, Ind., April 4.—While the concrete gang of the Baltimore & Ohio Southwestern Railway company was erecting a pile-driver at Miller's cut, near this town, a timber fell, striking Charles Montgomery on the head and causing his death. He was foreman of the gang, forty-five years old, with a family at North Vernon.

BROUGHT BACK TO LIFE

Many Moribund Political Aspirations in New York Revived.

Albany, N. Y., April 4.—The entire apportionment of legislative districts made by the last New York legislature is overturned as unconstitutional and void by the court of appeals in a decision reversing the judgments of the courts below, which hitherto have sustained the act. The decision does not affect the personnel or invalidate the acts of the present legislature, but political relations and alignments in every part of the state made to suit new conditions have been thrown into confusion; formerly influential politicians who were supposed to have been killed politically by last year's apportionment return to the field of influence. Far-seeing politicians say it is impossible to calculate the consequences of the decision, which they describe as a "political earthquake."

It is generally believed here that the decision may prolong throughout May and perhaps into June the session of the legislature because of the necessity of enacting a new apportionment, the court holding that unless this is done the next election for members of either house must be held under the apportionment laid down in the constitution of 1895.

Church Wants a Mile of Pennies.

Laporte, Ind., April 4.—The Ladies' Aid Society, in order to lift an indebtedness hanging over the church, propose to raise a mile of pennies. Each member will be supplied with a strip of wood one foot in length; one side bearing the financial plan, while the other side will be divided into strips, each holding a penny and covered with an adhesive preparation, to which the pennies will stick. It is estimated that a mile of these sticks will hold a sufficient number of pennies (\$844.88) to lift the church debt.

Shocking Domestic Tragedy.

Montreal, April 4.—William Simpson, a prosperous young farmer of St. Charles, during his wife's absence shot and killed his two infant daughters, respectively two months and two years old, and then tried to kill himself by putting two revolver bullets in his body. Physicians say that excessive affection for his children caused insanity.

Knowledge would be more general if men could only be convinced that they do not know as much as they think they do.

PEACE OF WORLD

Much Depends Upon the Outcome of The Pending Conference at the Hague.

AMERICA'S HIGH POSITION

It Is Now Assured That the Influence of This Nation Will Be Largely Felt at Conference.

The Attitude of the South American States the Subject of International Speculation.

Washington, April 4.—Baron Rosen, the Russian ambassador, called upon Secretary Root at the state department and informed him that he had received from the St. Petersburg foreign office the invitation to the United States to attend the second Hague conference. The understanding here has been that the date would be placed some time between the first and the 15th of June, the Netherlands government having stated that it could most conveniently entertain the delegates about that season. No good reason is known here why there should be any postponement beyond those dates, for, as far as the South American states are concerned, they are believed to be in a position, almost immediately upon receiving the invitation, to comply with the conditions of acceptance, the principal one being formally to adhere to the articles of the first Hague convention.

Baron Rosen has been charged by his government with the conduct of the negotiations for the adherence of these South American states, and he has availed himself freely of the machinery of the state department here and of the opportunities he has had to confer with the resident diplomatic representatives of Latin-America. To all of these intimations has been conveyed by Secretary Root that in order to insure an opportunity to attend the early sessions of the approaching conference, it would be well for the South American delegates not to await the reception of the formal invitation by mail before leaving their respective countries for The Hague, but to be on hand at the opening of the conference, charged with full powers to adhere to the first treaty. It is required technically that the newcomers shall, as a condition of admission, have adhered to the three great treaties resulting from the first Hague conference, namely that providing for arbitration and mediation, the Geneva convention, and the rules for the government of maritime warfare. There is a curious difference in the conditions laid down for such adherence. As to the last two conventions any nation may adhere by simply sending formal notice to that effect to the permanent council at The Hague. But the first convention can only be adhered to by newcomers with the assent of every one of the powers that signed the original treaty. So far as it is known, all of these powers are willing to admit the South Americans, but a singular complication has arisen in the case of Turkey. That power attended through delegates the first Hague conference, but it never ratified the treaties that followed. So the question now is whether Turkey's assent is necessary to the admission of the South American contingent, which of course depends upon whether or not Turkey is regarded as a signatory power. Her attitude becomes of importance because she has not thus far indicated any intention to participate in the second conference, or what answer she intends to make to the South American application for admission.

The Washington officials are disposed to regard as rather academic the discussions which have arisen between London and Berlin as to the status of the question as to the limitation of armaments. In thorough sympathy with the British proposition to have this important subject considered at the conference, the Washington government appears to have reached the same understanding as the Berlin officials relative to the status of that subject; namely, that it is one not included in the original program, but which may be discussed by the conference if the majority of the delegates so decide. It is believed here that the explanation of the strong opposition made by some of the European powers to the British plan of making this subject one for compulsory consideration is the reluctance of each of these powers to be placed in a position of perhaps single-handed resistance to the adoption of the much desired project of reduction and limitation of armaments.

Cattlemen at Outs.
Kansas City, Mo., April 4.—The livestock commission men who are members of the livestock exchange at the stockyards, have declared war on the Co-Operative Livestock Commission company, an independent concern, and a boycott on all packers who purchase cattle, sheep or hogs from the Co-Operative company.

Woman Hanged Herself.

New York, April 4.—After several months of suffering from a nervous malady, Mrs. Ellen Berry Ryder, wife of Cornelius Ryder, one of the wealthiest men in Brooklyn, hanged herself in the basement of the family home in Gravesend avenue.

Human Ant Eaters.

There is a Chinaman in New York who has a sign over his door that reads, "Strange Food Exotics." What to eat says that he sells a hundred of the funny little gray biscuits that he keeps with his other odd stock every month at \$2.50 each. The biscuits are made from the dried and compressed bodies of African white ants, and there are people who can eat them without saying "Ugh!"

STANDARD OIL CASE

Judge Landis Dismisses 350 Counts of the Indictment.

Chicago, April 4.—As the result of nineteen motions for dismissal of counts in the indictments against the Standard Oil Company of Indiana, charged with accepting illegal rates on shipments of oil, Judge Landis in the United States district court ordered that 350 of the counts should be stricken out.

The arguments on the motion to dismiss had been in progress for two days, and the court finally ordered that a number of the counts should be stricken out because of defects in the manner of drawing them. In the majority of the instances where the motions for dismissal were upheld the attorneys for the government admitted that there had been either a mistake in the indictment, or that there was something lacking in the evidence. The government attorneys expressed but little concern at the dismissal of the 350 counts, saying that there are still 1,550 counts on which the indictments can stand.

A WOMAN JUDGE

Suffragettes Score Decisive Victory in Evanston.

Chicago, April 4.—For the first time in the history of Illinois, a woman was elected as justice of the peace at Tuesday's election. Evanston, one of the suburbs on the north shore of Chicago, where many of this city's most influential and wealthy business men reside, has the distinction of being the first in the state to have a woman judge. Catherine Waugh McCulloch, who conducts a law office in Chicago, and who is known all over the country as a champion of women's rights, was the successful candidate, winning over her opponent by more than two to one.

The People to Decide.

Cleveland, O., April 4.—With only one dissenting vote the city council adopted the report of the special street railway commission which has in charge Cleveland's street railway problem. This report recommends that the matter of street railway franchises, low fares and other issues involved be submitted to popular vote.

Airships Coming Down.

New York, April 4.—The airship which was brought to this country by Santos Dumont for exhibition at the St. Louis exposition and which was seized for non-payment of duty, was sold today for \$80, being one of several hundred articles in the annual sale of unclaimed goods.

Contracts for three years have been signed by the representatives of the various St. Louis breweries and the striking employees, and the strike has been officially declared terminated.

The building and mechanical trades of Newport, R. I., are almost completely tied up as the result of a strike of about 300 carpenters, cabinet makers, upholsterers, finishers and other mechanics.

Screwdrivers.
Some of the best screwdrivers are made from worn-out cotton spindles. In days gone by these worn-out spindles were thrown on to an old iron heap and left to rust until they were sold for old metal. Then somebody thought of grinding one end into a wedge and flattening the other. Result, a screwdriver of the best quality and a large percentage of extra profit for the cotton spinners.

BUSINESS COLLEGES ARE FAILURES
In small cities and towns, because:
1. There is not a sufficient population to support a GOOD school;
2. Such schools are usually conducted by persons who are NOT qualified, or who make it a practice to travel about and defraud their patrons;
3. There are few if any opportunities for their graduates to secure employment in such localities;
4. The THOROUGH business colleges are located in the larger cities and are conducted by persons who are qualified;
5. The graduates of business colleges in small cities or towns can not secure employment in large cities when thrown in competition with the THOROUGH graduates of high-class schools, as business men have no time to experiment with incompetents.
Therefore, be wise. Send for the finest 68-page catalogue ever issued by a commercial school, before deciding to throw away your money for a worthless training at some cheap school.
